

Malta, Dec. 13th 2013

**Georphi's Tropical Hideaway
West End, Roatan****Kind att. to: Michele****Dear Michele,**

with reference to the New Skyline HD-Full HD Webcam that has been offered you for free by our Certified Partner Mr. Preston Odenbrett, please be advised of the following:

due to the last improvements of the software and of the features of the camera, the deadline for its official release has been postponed of 2 weeks respect on the scheduled date, that's why we have not been able to deliver your camera on time to Mr. Odenbrett prior to his departure for Roatan Island.

Anyway, we are strictly committed to provide you with the mentioned camera as soon as possible, that is within the first 2 weeks of January 2014.

You will not be charged of any cost for the camera and the video streaming service, a part from the (eventual) local tax, which is on your expense.

The New Skyline HD-Full HD Webcam, who's price during our launching phase is €350,00 (delivery costs and Tax not included), does include your banner on our website, the widget for your website and the Facebook page APP.

You are kindly required to install the camera on a safe place (not accessible to the public, neither to your guests), possibly at least 15 meters high, and facing a very nice view (including the ocean, the beach etc.). The camera has to be connected to internet and electricity (the minimum bandwidth required to work in HD mode is 500 Kbps upload).

Mr. Odenbrett will provide you with all info and details in order to install the camera properly and to activate it on your website.

Best regards,
Andrea Venturato
