## Starmatic® Mobile

Your schedule at your fingertips

### What is Starmatic Mobile?

A new system that provides mobile access to Starmatic and allows Independent Business Owners, and their designated Client Support Professionals, to accept urgent service requests, while on the go, from their mobile devices - without having to log into their PCs!

### Who can access Starmatic Mobile?

All Independent Business Owners and their designated CSPs who have an iOS or Android mobile device.

### Does Starmatic Mobile have all of the same features as Starmatic?

Starmatic mobile provides the Schedule Releases and MySchedule features. It does not provide 100% of Starmatic capabilities.

### Can Starmatic Mobile be used to drop or swap intervals?

Yes - both features are available on Starmatic Mobile.

### Are there any text messaging features?

No

### Will Starmatic Mobile work in a Wi-Fi as well as a cellular network?

Yes

### What do I need to download to use Starmatic Mobile?

Absolutely nothing

### Is there a charge to use Starmatic Mobile or will additional network fees apply?

The Starmatic Mobile service is included as part of the Arise Support fee paid by Independent Businesses.

### When and how can I access Starmatic Mobile?

Stay tuned for additional information on when you can access Starmatic Mobile, how to use it and where to find it!
